***McKinley and Care Access Join Forces to Promote
Health Care Benefits for Part-time Staffers***

(Fort Lauderdale, Fla.) -- McKinley Insurance Services, Inc., a benefits consulting firm, and Care Access Health Plan, a provider of affordable health care coverage for companies and individuals, have joined forces to provide its health benefits coverage to part time employees.

The new program allows staff members, who would normally not be able to access health coverage benefits, the chance to purchase affordable plans for themselves and their dependents. The packages, which start as low as \$69 a month per person, include Care Access' large network of primary care physicians, specialists, urgent care centers, diagnostic facilities, prescription drug and vision and hearing benefits, all with no deductibles in Miami-Dade, Broward and Palm Beach Counties.

"Going without health coverage benefits should not be an option for today's full or part-time workers," said Jerry Sternstein, president of Care Access. "Since 2003 we have pioneered making comprehensive preventive health care coverage truly affordable and accessible to everyone."

The team recently landed Broward College as a client, and Care Access currently offers similar programs to such organizations as Miami-Dade College, ArtServe, Pediatric Associates, New World Symphony, Pine Crest School and Florida International University.

"We are pleased to have partnered with such a high-quality provider of health care coverage such as Care Access to be able to offer our customers comprehensive and affordable benefits," said Ralph Campbell, the president and CEO of McKinley.

About McKinley

Based in Fort Lauderdale, McKinley Insurance employs about 40 people and operates a second office in Orlando. The independent agency represents more than 100 insurance carriers and is licensed in more than 30 states, offering a wide variety of insurance products, including group benefits, disability

coverage, student and athletic coverage, life and health insurance, pension plans, commercial property and casualty and consulting services. For more information, visit www.mckinleyinsurance.com or call 954-938-2685.

About Care Access

Care Access Health Plan was formed in 2003 to provide an affordable health plan for the one out of four citizens in the South Florida area who are uninsured or underinsured. The affordable, defined benefit plan is licensed by the Agency for Health Care Administration and the Office of Insurance Regulation. Care Access is the first defined benefit health care coverage plan to receive URAC Accreditation every year since 2005. The Accreditation award from URAC, the Washington, D.C.-based independent review agency is nationally recognized and it based upon independent review for quality health care. In addition, the Care Access management team has more than 50 years of collective experience in the health care industry. For more information, visit www.myCare Access.com.
